# Downloading and Pairing on Windows 8

From your Home screen, go to the Windows App Store by clicking or tapping on the green Store icon.
Once in the store, you will want to make your menu (on the right side of the screen) appear so that you can choose the search option.
On a Surface - swipe your finger from right to left on the right side of the screen to get the menu to appear.
On a computer - hold your mouse in the bottom right hand corner until the menu appears.

Choose the <u>magnifying glass</u> at the top of the menu so that you are able to search within the store. The menu will look like this:

**Choosing the magnifying glass will open a search box to the right side of the screen.**

Type in <u>Taunton Press</u>. Then click or tap on the magnifying glass to search for results, which will bring
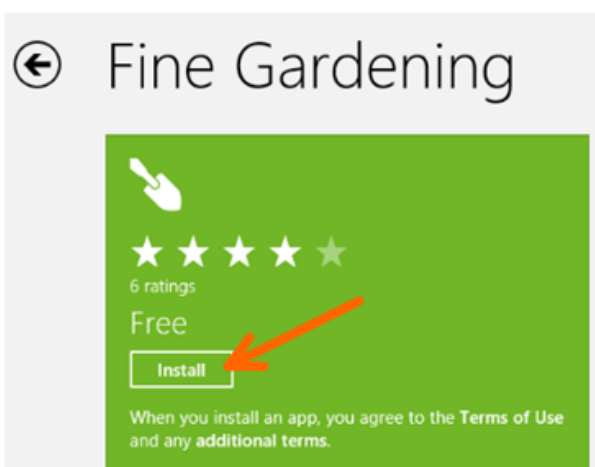

up search results for all of our Magazine Apps.
